

**3AL Winner**

**Lovely Leopard**

He leaps in the dry leaves  
And lilac-purple flowers.  
It licks its smoke-grey long paws  
And will eat some juicy  
Long fresh grass.  
His loud lost roar echoes in the dark  
Gloomy night.  
He lurks with his lipstick-red  
Flowers among him,  
Lying very lonely in the cold breeze  
Behind some tall lime-green trees.
